		<p>some of his teachings. They will be able to now make links to units of work previously taught on the birth and death of Jesus including Christian belief in the resurrection of Jesus. They will learn what Christians believe about these events and the impact of this for Christians today. This unit gives opportunity for children to personally reflect on their own ideas, values, experiences and feelings in relation to their learning. As such, it makes a contribution to pupils' spiritual, moral, social and cultural development (this is not assessable). This unit provides an opportunity for a creative piece of work (designing and drawing a stained glass window or panel) which will show Christian beliefs about Jesus as – teacher, miracle worker, life-changer or Son of God.</p>	
	<p>Spring 2</p>	<p>Topic: Christianity Why is Lent such an important period for Christians?</p> <p>Rationale: Children will already have learnt about the main events of the Easter story (death and resurrection of Jesus, Jesus entering Jerusalem). Curriculum Rationale

Year	Term	Rationale	Prior Knowledge/ Connections
	Summer 1	<p>Topic: Thematic Unit/Islam How and why do people show care for others?</p> <p>Rationale: The purpose of this unit is for the children to contrast differing religious and non-religious views on the subject of caring for others. Children consider what Christians and Muslims say about caring for others and compare them with each other and against a non-religious worldview – Humanism.</p> <p>Pupils will learn how these beliefs have an impact on how people think, behave and act towards others. Children will learn how some people and communities help others, making links to religious teachings about care for others.</p>	<p>Children will have knowledge about Christian beliefs and that caring for others and charity is important especially at special times of year like Harvest Festival and Christmas (Y1)</p>

They learn about the prophet Moses and how he saved the Jewish people from persecution in Egypt when he led them to safety across the Red Sea. They should be able to draw comparisons between Jesus and Moses from previous lines of enquiry. They will explore the Ten commandments. Children will be able to explore the commandments and consider whether having a set of rules to live by is important. They will be able to compare these rules to the ones they follow at school and think about what it means to be Jewish and to follow these.</p>	<p>Children will have a good knowledge of Jesus as a prophet from previous studies of Christianity. They will have experience of what it means to belong to a faith community and having a set of rules to abide (Y4). They will also have experience of other places of worship.</p>
	Autumn 2	<p>Topic: Christianity What are the themes of Christmas?</p> <p>Rationale: Children will draw on their prior knowledge and will then be introduced to differences between celebrations and understanding of Christmas from secular and religious viewpoints. 		understanding about the themes of Christmas. They will consider whether Christmas could be celebrated by all regardless of faith.	
	Spring 1	<p>Topic: Christianity What do Christians believe about God?</p> <p>Rationale: Throughout this unit, pupils will be encouraged to ask puzzling/interesting questions and suggest reasons. These can be used for final unit discussion and display. Pupils will learn about some key Christian beliefs about God expressed through metaphor, myth and symbol and begin to consider what impact these beliefs will have on the lives of Christians: Knowledge and Understanding of Christianity. They will have the opportunity to ask and respond to questions which are raised through learning about Christian beliefs about God. They will express their views on some of these questions, supporting them with plausible reasons: Critical Thinking. 	Spring 2	<p>Topic: Christianity Why is the Last Supper so important to Christians?</p> <p>Rationale: In this unit children deepen their understanding of the events of Holy week by putting these events in the context of Holy Week</p>	This unit builds on the Year 3/4 units where pupils have learnt about Palm Sunday and Lent in some detail. . Y5 will have an understanding of Judaism from their Autumn unit and will be able to spot connections between the two religions.

		<p>and will consider the importance of these events for Christians today. In particular, the unit focuses on The Last Supper and how this has affected what Christians believe about Jesus and what some Christians do to show these beliefs. Children will have the opportunity to reflect on their own experiences as well as raise questions and give views.</p>	
	<p>Summer 1</p>	<p>Topic: Thematic Unit Why do people use rituals today?</p> <p>Rationale: This unit enables pupils to develop knowledge and understanding about the similarities and differences in religions by looking at a feature of religion (ritual) in 2/3 religions. The religions chosen are Judaism, Christianity and Islam and the reason for this is the children by now should have an understanding of what it means to be Jewish and Christian and will be learning more about being a Muslim in Y6. Links could also be made to ritual and ceremonies in non-religious worldviews eg Humanism.</p>	<p>The children already have an understanding of how Christianity and Judaism through previous studies. They know what a ritual is and why they are important.</p>
	<p>Summer 2</p>	<p>Topic: Judaism How are Jewish beliefs expressed in the home?</p> <p>Rationale: This unit enables children to develop knowledge and understanding of Jewish beliefs and customs at home. It builds on their learning during the Autumn term where they were</p>	<p>Children have knowledge of Jewish beliefs about the ten commandments and the importance of the synagogue from Autumn 1. They have an understanding about how Christians, Buddhists and Hindus express their beliefs and should be able to draw on comparisons.</p>

		<p>introduced to Moses, the synagogue and Jewish community. Children learn that though the importance of synagogues and other Jewish institutions cannot be minimized, the home remains the place where most people first encounter Jewish ritual, and where much of Jewish life takes place.</p>	
<p>Year 6</p>	<p>Autumn 1</p>	<p>Topic: Islam and Diversity What can we learn about religious diversity in our area? What can we learn about a local Muslim community?</p> <p>Rationale: The purpose of this unit is for the children to consider and apply ideas about ways in which diverse communities can live together for the well-being of all. Teaching and learning will centre on the theme of respect for the ways religions are both similar and different. By exploring the concepts of commitment, respect and tolerance and examples of co-operation between faiths the unit aims to make a contribution to religious understanding in Durham. There are opportunities for children to explore their own identities, as well as the identity of others. This unit pulls together previous units on Christianity and other core religions as children consider what diversity is like in the local community and modern day Britain as a whole.</p>	<p>Through years 1-5 children will have had the chance in class to compare and contrast different religions, as well as having had the chance to visit local churches and places of worship. Children will have drawn comparisons between local and national geography and have some understanding of why large cities are more diverse than small villages.</p>
	<p>Autumn 2</p>	<p>Topic: Christianity What do the gospels tell us about the birth of Jesus?</p>	<p>Children now have a deep understanding of the Christmas story and its significance to Christians. In History they will have learnt about the ways to interpret</p>

Curriculum Rationale

Year	Term	Rationale	Prior Knowledge/ Connections
		<p>Rationale: In this unit pupils will learn about the two versions of the birth story and compare similarities and differences. They will learn what the gospel writers (Matthew and Luke) were showing about Jesus through their version of the birth story. Pupils will consider some of the ideas that have grown up around the nativity story, but are not part of the gospel stories.</p> <p>They will explore what some people mean by the words 'true' and 'truth' in the context of the birth stories.</p>	<p>information from sources and draw comparisons from them.</p>
	Spring 1	<p>Topic: Thematic Unit How and why do people care about the environment?</p> <p>Rationale: By Year 5/6 pupils have increased their knowledge and developed their understanding of the beliefs and features of Christianity, Hinduism and Judaism as discrete religions. This unit further develops skills of investigation and enquiry by comparing 3 religious traditions in one area of study: <i>The Environment</i>. Through this study pupils will increase general awareness of the global world in which they live and learn about the impact of religion on individuals and communities, both locally, nationally and internationally.</p> <p>This unit could form part of a cross-curricular topic on environmental issues.</p>	<p>Children have an understanding of Christian and Buddhist beliefs and have explored Islam in previous studies comparing religions. They will have an understanding of the natural environment through studies in Geography.</p>
	Spring 2	<p>Topic: Christianity Why are Good Friday and Easter Day the most important days for Christians?</p>	<p>This unit builds on work about Jesus in Key Stage 1, Lower Key Stage 2 and all of the units on Easter.</p>

Curriculum Rationale

Year	Term	Rationale	Prior Knowledge/ Connections
		<p>Rationale: In this unit the children continue to explore Holy Week by focussing on the events at the end of this important week.</p> <p>Pupils will learn about the theological beliefs behind the Easter story (what the death and resurrection of Jesus mean for Christians – new life, eternal life, love of God). They will understand that this has an impact for Christians today and how they understand their lives.</p> <p>They will have the opportunity to ask and respond to questions which are raised through learning about the beliefs behind the Easter Story eg Is it true that joy follows sadness? Is it true that hope wins in the end? They will express their views on some of these questions, supporting their answers with sound reasons.</p> <p>They will have the opportunity to reflect on their own experiences, feelings and ideas associated with the beliefs behind the Easter Story (sadness and joy, fear and hope etc).</p> <p>Whilst the Easter story is recapped in this unit it does not just ask pupils to retell the events of Good Friday and Easter Sunday or Holy Week. It is anticipated that this unit develops understanding about beliefs and, therefore, develops depth of understanding.</p>	
	<p>Summer 1</p> <p>Summer 2</p>	<p>Topic: Christianity? (Statutory Bridging Unit)</p> <p>Rationale: This is a statutory unit for all community schools using Durham Agreed Syllabus. It is designed to pull together what pupils have learnt</p>	<p>This unit focuses on consolidating pupils' knowledge and understanding of Christianity taught throughout their time at Ribbon.</p>

Year	Term	Rationale	Prior Knowledge/ Connections
		<p>about Christianity in primary school and enable continuity and progression of learning into Year 7. It is also based on developing learning about the RE concepts which run across all key stages in this Agreed Syllabus:</p> <ul style="list-style-type: none"> • BELIEF: key Christian beliefs including beliefs about God, Jesus, human life, love and forgiveness. • AUTHORITY: the sources that help Christians in their beliefs, attitudes and actions e.g. Bible, person of Jesus, church leaders. • EXPRESSIONS OF BELIEF: how Christians express their beliefs through worship, ritual, symbols, ceremonies. • IMPACT OF BELIEF: the difference that belief makes to how Christians think feel and act <p>This unit mainly focuses on consolidating pupils' knowledge and understanding of Christianity. There is also, however, some opportunities for pupils to respond to puzzling/interesting questions raised by their study of Christianity. These can be discussed and help develop Critical Thinking.</p> <p>There is also opportunity for pupils to reflect on their own feelings, beliefs, values and ideas as a result of their learning about the RE concepts – Personal Reflection.</p>
