

Reading Curriculum Rationale

Our Reading Curriculum

Our reading curriculum is planned out to provide a progression from listening to stories and poems in EYFS to reading classic and more complex texts in Y6. Many of the texts listed are classics, and others have been carefully selected from the Pie Corbett Reading Spine and leading UK and International Children’s Literature Awards. Teachers may also add their own enthusiasms and new finds, but they must provide challenge beyond the instructional level, and be worthwhile reads which speak to the reader and promote deep discussion. The learning that takes place beyond reading lessons builds world knowledge and is, therefore, part of the reading curriculum. Our wider curriculum reading offer provides children with exposure to additional quality fiction and non-fiction texts within all subjects and across all year groups.

In each book there will be much to discuss so that the children understand the vocabulary as well as what is happening.</p> <p>All of the books have pictures, which support the text but also compliment and add to it. <p>The picture books in Year 1 offer deeper exploration of emotions and wonder. They are mainly rooted in the everyday crises of life. Again, most of these books lend themselves to setting up a variety of play situations – using toys, costumes and puppets – but the children also need to be involved in the careful reading of the books, paying close attention to the detail and entering imagined worlds to experience the stories deeply – then talking it all through.</p>
